The KGF Swing Glass Door Freezers from Kool-it are designed to strike the perfect balance between style and functionality. These reliable glass door freezers offer optimal refrigeration performance, making them an ideal solution for operators who need to display products while maintaining the best possible conditions for freshness.

Durable Design

-Modern & attractive appearance for any kitchen, C-Store, service station, etc.
-Black exterior baked enamel steel finish
-White interior baked enamel steel finish
-Interior base in stainless steel finish
-Heavy-duty polyethylene coated adjustable wire shelves (four shelves per door)
-Locking glass doors are ergonomically designed and self-closing
with easy grab handles
-Plastic upper sign panel with lamp

Superior Quality

-Entire cabinet structure engineered to the highest standards
-Built using foamed-in place high density CFC-free polyurethane
-Environment friendly R290 refrigerant
-Unique triple pane heated glass doors with a layer of patented, transparent thermal insulating film applied between the glass layers

Energy Efficient

-Positive air flow throughout with forced air movement throughout entire cabinet
-Freezers hold -10°F. for optimum storage & preservation of foods
-High efficiency evaporators with oversized condensing units on all models
-Digital temperature readout display with electronic thermostatic control
-LED interior lighting for total product display
