

KOOL-IT — Manufacturer's Warranty

Model KGF-48 | Two-Section Glass Door Merchandiser Freezer

Coverage

Twenty-four (24) months parts and labor from the date of original installation, plus an additional thirty-six (36) months (60 months total) of compressor-only coverage.

What's Covered

Defects in material or workmanship under normal and regular commercial use, for units installed in Canada. The first 24 months include parts and labor; the additional 36 months cover the compressor part only (labor not included).

Operating Conditions

This unit is designed for maximum performance in an air-conditioned area of 75°F ambient temperature and 55% relative humidity, with adequate ventilation at the top, sides, and rear of the unit for proper operation.
